manzana engage involve achieve learn **invites you**

Come and celebrate the launch of 2Touch and WordWall and be in to win!!!!

On the 25th of September, Manzana will officially celebrate the addition of 2Touch and WordWall to its product portfolio and you're invited. Manzana will present to attendees an hour session showcasing the latest in interactive whiteboard and classroom response solutions. You can even sneak in some of the free wine and cheese whilst you discuss the finer points of ICT. So be sure to be present and why not even bring your laptop along just to see how easy it is to plug and go on New Zealand's own 2Touch interactive whiteboard.

When: **4:00pm - 6:00pm, 25th September 2008**
Where: **Manzana Offices**
192C Wairau rd
Glenfield, Auckland
Cost: **Free**
What: **Official launch of 2Touch and WordWall.**

2 Touch FRESH MINDS **Revolutionary, New Zealand made, 2.4m wide interactive whiteboard. 2Touch presents teachers with the flexibility of using their board as an interactive whiteboard, a traditional whiteboard or both at the same time!!!! 2Touch requires no special drivers or software simply plug, touch and go.**

WordWall One the most advanced response solutions to enter the market. WordWall's CleverClick solution turns any large projected image into an interface which all your students can access at the same time from their seats. WordWall's texting responders allow students not only to vote, but to express opinions and submit answers using joypad controls, and a texting predictive system.
